

## LYMPHEDEMA BANDAGE ORDER FORM – Female (shoe size <8)

**ABOUT YOUR BANDAGES:** You can order your bandages from any place you choose. We find the companies listed below sell good products at a good price. Prices are subject to change and shipping costs will apply. We ask that you obtain your bandages before you begin treatment. Historically this has been an out of pocket cost (or covered with a Flexible Spending account). We encourage you to check with your insurer to see if the bandaging supplies will be covered. If the bandaging supplies are covered by your insurance, you will need to obtain a signed prescription from your physician.

Thank you.
